It's All About YOU, Goodwill of Colorado!

MARCH 2022

Published every other month to celebrate our team members and share information with you, and about you!

## Community Programs

Since last November, our remarkable LEAP team has received 71,132 applications and has provided Colorado families with \$19,226,584.24 in heat assistance this winter! It doesn't end there...

If you or someone you know needs help paying their home heating bill, LEAP applications are being accepted through April 30, 2022. For questions or to request an application, email [leaphelp@goodwillcolorado.org](mailto:leaphelp@goodwillcolorado.org) or call 1-888-775-5327.

## Your Life Your Way Celebrates Employee Appreciation Week!

Your Life your Way (YLYW) provides in-home care for people with developmental, aging and health-related challenges, so they can live life to the fullest and maintain their independence. For Employee Appreciation Week, YLYW Program Manager Sara Cardinal organized a drive through pizza lunch pickup, which included a small gift for their primary care professionals, who primarily work remotely in the field. What a creative way to celebrate our team members who work remotely!

## IMPACS Helps Parents

Goodwill's IMPACS Program helps parents paying child support and their families overcome barriers to employment through supportive services and individualized case management. Program participants collaborate with Goodwill staff and community service providers (e.g., community colleges, workforce centers, etc.) to secure gainful employment and maintain their financial support obligations.

Within two weeks of enrolling in IMPACS, Robert Baskins had successfully secured full-time employment with Colorado's Pest Control. Robert stated that "work is going great" and that he feels like he is "finally getting his feet under him again." In fact, he has already received his first raise after his 90-day probation period with Colorado's Pest Control! After securing employment, Robert was able to find an apartment of his own, allowing his son to stay overnight, and meet his child support obligations.

Robert's hard work has allowed him to successfully graduate from the IMPACS program this month. **We wish Robert the best of luck!**

## Salvage Operations

Goodwill's salvage operations team hit a record high last month in salvage value. Despite the volume of incoming donations remaining steady, the value we derive from them has more than doubled by our salvage team collecting and sorting metal scrap from the outlet. This is a great illustration of our values of Excellence, Stewardship and Continuous Improvement. **Way to go, salvage operations team!**
