

Project **GPS**

Goodwill Paths to Success

Goodwill Paths to Success Navigator

Goodwill of Colorado believes in helping you, our incredible team of colleagues, be successful and reach your highest level of personal and economic independence.

We want you to be aware of resources available in our community and here at Goodwill that can help you achieve those goals. To that end, we have created a new role to help you navigate those opportunities.

Jaimy Criswell & Kelly Booker bring a wealth of experience to their positions as our **Goodwill Paths to Success Navigators**, or “GPS” for short. They are available to provide our employees with guidance around internal and external programs, contacts and opportunities to increase your well-being and independence.

The GPS Navigator is able to assist with many common barriers to success, including those listed below. We are also working to provide even easier ways to access this information. For now, please reach out if you are facing challenges meeting your employment goals, or just need assistance reaching the next level of your career.

Transportation

- Carpooling
- Troubleshooting/Public Transportation Navigation Assistance

Opportunities

- New Programs
- Additional Career Exploration
- Additional Learning & Training

Health/Wellness

- Stress Reduction
- Employee Assistance Program (EAP)
- Healthcare Coordination (Medicaid/Medicare)

Community Resources

- Child Care
- Housing

Please note: All personnel-related requests or concerns should still be referred to the HR department.
